MANAGEMENT PROXY CIRCULAR

This Management Proxy Circular contains information as of July 11, 2017 (unless otherwise noted)

PERSONS MAKING THIS SOLICITATION OF PROXIES

This Management Proxy Circular is furnished to you in connection with the solicitation of proxies by management of Kraken Sonar Inc. (“we”, “us” or the “Company”) for use at the 2017 Annual General and Special Meeting (the “Meeting”) of the shareholders of the Company to be held on August 9, 2017, for the purposes set forth in the accompanying Notice of Meeting, and at any adjournment thereof. The Company will conduct its solicitation primarily by mail and our officers, directors and employees may, without receiving special compensation, contact shareholders by telephone, electronic means or personal contact. We will not specifically engage employees or soliciting agent to solicit Proxies. We will pay the expenses of this solicitation.

APPOINTMENT OF PROXY HOLDER

The persons named as proxy holders in the enclosed Proxy are the Company’s directors or officers (the “Management Proxyholders”). As a shareholder, you have the right to appoint a person other than a Management Proxyholder to attend and act on your behalf at the Meeting. To exercise this right, you must either insert the name of your representative in the blank space provided in the Proxy and strike out the other names or complete and deliver another appropriate Proxy. A proxyholder need not be a shareholder.

A Proxy will not be valid unless it is dated and signed by you or your attorney duly authorized in writing or, if you are a corporation, by an authorized director, officer, or attorney of the corporation.

COMPLETION AND VOTING OF PROXIES

Voting at the Meeting will be by a show of hands, each shareholder having one vote, unless a ballot on the questions is required or demanded, in which case each shareholder is entitled to one vote for each share held. In order to approve a motion proposed at the Meeting, a majority of greater than 50% of the votes cast will be required (an “**ordinary resolution**”) unless the motion requires a special resolution (a “**special resolution**”) in which case a majority of two-thirds (2/3) of the votes cast will be required.

A shareholder or intermediary acting on behalf of a shareholder may indicate the manner in which the persons named in the enclosed Proxy are to vote with respect to any matter by checking the appropriate space. Shares represented by a properly executed proxy will be voted or be withheld from voting on each matter referred to in the Notice of Meeting in accordance with your instructions on any ballot that may be called for and if you specify a choice with respect to any matter to be acted upon, the shares will be voted accordingly.

If you do not specify a choice and you have appointed one of the Management Proxyholders as proxyholder, the Management Proxyholder will vote in favour of the matters specified in the Notice of Meeting and in favour of all other matters proposed by management at the Meeting.

If you do not specify a choice and you have appointed other than one of the Management Proxyholders as proxyholder, the proxyholder may vote in his/her discretion for the matters specified in the Proxy.

If you or an intermediary acting on your behalf wishes to confer a discretionary authority with respect to any matter, then the space should be left blank. **IN SUCH INSTANCE, THE PROXYHOLDER, IF ONE PROPOSED BY MANAGEMENT, INTENDS TO VOTE THE SHARES REPRESENTED BY THE PROXY IN FAVOUR OF THE MOTION.** The enclosed Proxy, when properly signed, also confers discretionary authority with respect to amendments or variations to the matters identified in the Notice of Meeting and with respect to other matters which may be properly brought before the Meeting. At the time of printing this Management Proxy Circular, our management is not aware that any such amendments, variations or other matters are to be presented for action at the Meeting. If, however, other matters which are not now known to management should properly come before the Meeting, the persons named in the Proxy intend to vote on such other business in accordance with their best judgment.

The Proxy must be dated and signed by you or by your attorney authorized in writing or by the intermediary acting on your behalf. In the case of a corporation, the Proxy must be executed under its corporate seal or signed by a duly authorized officer or attorney for the corporation.

COMPLETED PROXIES TOGETHER WITH THE POWER OF ATTORNEY OR OTHER AUTHORITY, IF ANY, UNDER WHICH IT WAS SIGNED OR A NOTARIALY CERTIFIED COPY THEREOF MUST BE DEPOSITED WITH THE COMPANY'S TRANSFER AGENT, COMPUTERSHARE INVESTOR SERVICES INC., OF 100 UNIVERSITY AVENUE, 8TH FLOOR, TORONTO, ONTARIO, M5J 2Y1, AT LEAST 48 HOURS (EXCLUDING SATURDAYS, SUNDAYS AND HOLIDAYS) BEFORE THE TIME OF THE MEETING OR ADJOURNMENT THEREOF. UNREGISTERED SHAREHOLDERS WHO RECEIVED THE PROXY THROUGH AN INTERMEDIARY MUST DELIVER THE PROXY IN ACCORDANCE WITH THE INSTRUCTIONS GIVEN BY SUCH INTERMEDIARY. YOU MAY ALSO VOTE BY TELEPHONE AND INTERNET. PLEASE SEE THE PROXY FOR INSTRUCTIONS REGARDING TELEPHONE AND INTERNET VOTING.

ADVICE TO NON-REGISTERED HOLDERS OF COMMON SHARES

Only shareholders whose names appear on our records or validly appointed proxy holders are permitted to vote at the Meeting. Most of our shareholders are "non-registered" shareholders because their shares are registered in the name of a nominee, such as a brokerage firm, bank, trust company, trustee or administrator of a self-administered RRSP, RRIF, RESP or similar plan or a clearing agency such as CDS Clearing and Depository Services Inc. (a "Nominee"). If you purchased your shares through a broker, you are likely a non-registered shareholder.

Non-registered holders who have not objected to their Nominee disclosing certain ownership information about themselves to us are referred to as "NOBOs". Those non-registered shareholders who have objected to their Nominee disclosing ownership information about themselves to us are referred to as "OBOs".

In accordance with the securities regulatory policy, we will have distributed copies of the Meeting Materials, being the Notice of Meeting, this Management Proxy Circular, and the Proxy directly to NOBOs and to the Nominees for onward distribution to OBOs.

Nominees are required to forward the Meeting materials to each OBO unless the OBO has waived the right to receive them. Shares held by Nominees can only be voted in accordance with the instructions of the non-registered shareholder. Meeting materials sent to non-registered holders who have not waived the right to receive Meeting materials are accompanied by a request for voting instructions (a “VIF”), instead of a Proxy. By returning the VIF in accordance with the instructions noted on it, a non-registered holder is able to instruct the registered shareholder (or Nominee) how to vote on behalf of the non-registered shareholder. VIF’s, whether provided by the Company or by a Nominee, should be completed and returned in accordance with the specific instructions noted on the VIF.

In either case, the purpose of this procedure is to permit non-registered holders to direct the voting of the shares of the Company which they beneficially own. Non-registered holders should carefully follow the instructions set out in the VIF including those regarding when and where the VIF is to be delivered. **Should a non-registered holder who receives a VIF wish to attend the Meeting or have someone else attend on his/her behalf, the non-registered holder may request (in writing) to the Company or its Nominee, as applicable, without expense to the non-registered holder, that the non-registered holder or his/her nominee be appointed as proxyholder and have the right to attend and vote at the Meeting.**

NOTICE-AND-ACCESS

The Company is not sending the Meeting materials to shareholders using “notice-and-access”, as defined under NI 54-101.

REVOCABILITY OF PROXY

Any registered Shareholder and NOBO who has returned a proxy may revoke it at any time before it has been exercised. In addition to revocation in any other manner permitted by law, a registered Shareholder and NOBO, his attorney authorized in writing or, if the registered Shareholder or NOBO is a corporation, a corporation under its corporate seal or by an officer or attorney thereof duly authorized, may revoke a proxy by instrument in writing, including a proxy bearing a later date. The instrument revoking the proxy must be deposited at the registered office of the Company, at any time up to and including the last business day preceding the date of the Meeting, or any adjournment thereof, or with the chairman of the Meeting on the day of the Meeting. OBOs who wish to change their vote must, at least 7 days before the Meeting, arrange for their Nominees to so act on their behalf.

INTEREST OF CERTAIN PERSONS OR COMPANIES IN MATTERS TO BE ACTED UPON

None of the directors or executive officers of the Company, nor any person who has held such a position since the beginning of the last completed financial year of the Company, nor any proposed nominee for election as a director of the Company, nor any associate or affiliate of the foregoing persons, has any substantial or material interest, direct or indirect, by way of beneficial ownership of securities or otherwise, in any matter to be acted on at the Meeting other than the election of directors and the approval of the Company’s stock option plan, all described in this Management Proxy Circular.

EXECUTIVE COMPENSATION

Compensation discussion and analysis

Compensation, Philosophy and Analysis

The primary objectives of the Company's executive compensation program is to attract, motivate and retain highly trained, experienced and committed executive officers who have the necessary skills, education, experience and personal qualities required to manage the Company's business for the benefit of its shareholders, and to align their success with that of the shareholders. The level of compensation paid to an executive is based on the executive's overall experience, responsibility and performance.

The Company's executive compensation program is comprised of two elements: (i) the payment of cash where appropriate; and (ii) long-term incentive compensation in the form of incentive stock options pursuant to the Company's stock option plan (the "**Stock Option Plan**"). As the Company is generating revenues, salaries will be paid to its executive officers as determined by the Board. The Board will review both components in assessing the compensation of individual executive officers and the Company as a whole. Salary, which may be paid by way of consulting fees, is intended to provide current compensation, while options are granted to encourage long-term commitment to the Company and to align the interests of those individuals with those of the Company's shareholders.

When determining executive compensation, the Board will review the compensation policies of companies engaged in similar businesses. Although the Company has not obtained any industry reports regarding compensation, at the appropriate time the Board will review publicly available information with respect to compensation paid to the executives of companies that are also engaged in businesses comparable to the Company.

The Board determines an appropriate amount of compensation for its executives, reflecting the need to provide incentive and compensation for the time and effort expended by the executives while taking into account the financial and other resources of the Company. The Board did not consider the implications of the risks associated with the Company's compensation practices; however, given the Company's size and nature of compensation provided to its executives in the last financial year, the Board does not view significant risk that would be likely to have a material adverse effect on the Company.

The duties and responsibilities of the CEO and CFO are typical of those of a business entity of the Company's size in a similar business and include direct reporting responsibility to the Board, overseeing the activities of all other executive and management consultants, representing the Company, providing leadership and responsibility for achieving corporate goals and implementing corporate policies and initiatives.

The Company does not have a Compensation Committee. The full Board acts on compensation matters and to the extent the discussions are held about an executive officer, the executive officer recuses himself from such deliberations.

Analysis of Elements

The Company's Stock Option Plan is intended to attract, retain and motivate officers and Directors of the Company in key positions, and to align the interests of those individuals with those of the Company's shareholders. The Stock Option Plan provides such individuals with an opportunity to acquire a proprietary interest in the Company's value growth through the exercise of stock options.

The Company considers the granting of incentive stock options to be a significant component of executive compensation as it allows the Company to reward each Named Executive Officer's efforts to increase value for shareholders without requiring the Company to use cash from its treasury. Stock

options are generally awarded to directors, officers, consultants and employees at the commencement of their appointment or employment with the Company and periodically thereafter. During the year ended December 31, 2016, the Company granted 900,000 stock options, none of which were awarded to Company executives.

Risk Management

Executive compensation is comprised of short-term compensation in the form of a base salary and long-term ownership through the Company's Stock Option Plan. This structure ensures that a significant portion of executive compensation (stock options) is both long-term and "at risk" and, accordingly, is directly linked to the achievement of business results and the creation of long-term shareholder value. As the benefits of such compensation, if any, are not realized by officers until a significant period of time has passed, the ability of officers to take inappropriate or excessive risks that are beneficial to their short-term compensation at the expense of the Company and the shareholders is extremely limited. Furthermore, the short-term component of executive compensation (base salary) represents a relatively small part of the total compensation. As a result, it is unlikely an officer would take inappropriate or excessive risks at the expense of the Company or the shareholders that would be beneficial to their short-term compensation when their long-term compensation might be put at risk from their actions.

Risks, if any, may be identified and mitigated through Board meetings during which financial and other information of the Company are reviewed. No risks have been identified arising from the Company's compensation policies and practices that are reasonably likely to have a material adverse effect on the Company.

Hedging of Economic Risks in the Company's Securities

The Company has not adopted a policy prohibiting Directors or officers from purchasing financial instruments that are designed to hedge or offset a decrease in market value of the Company's securities granted as compensation or held, directly or indirectly, by Directors or officers. However, the Company is not aware of any Directors or officers having entered into this type of transaction.

Long Term Compensation and Option Based Awards

The Company has no long-term incentive plans other than its Stock Option Plan which was last approved by shareholders at its annual general meeting on June 23, 2016. The Company's directors, officers, employees, and consultants are entitled to participate in the Stock Option Plan. The Stock Option Plan is designed to encourage share ownership and entrepreneurship on the part of the senior management, directors, employees, and consultants. The Board determines the allocation and terms of any stock option grants. When granting stock options, the Board considers the amount of past options which have been granted.

See "Particulars of Matters to be Acted Upon" for a description of the Company's stock option plan and the process the Company uses to grant options-based awards.

The Company's management is not permitted to purchase financial instruments, including, for greater certainty, prepaid variable forward contracts, equity swaps, collars, or units of exchange funds, which are designed to hedge or offset a decrease in market value of equity securities of the Company granted as compensation or held, directly or indirectly, by management.

CORPORATE GOVERNANCE

The Board believes that good corporate governance improves corporate performance and benefits all shareholders. National Policy 58-201 *Corporate Governance Guidelines* provides non-prescriptive guidelines on corporate governance practices for reporting issuers such as the Company. In addition, National Instrument 58-101 *Disclosure of Corporate Governance Practices* (“**NI 58-101**”) prescribes certain disclosure by the Company of its corporate governance practices. The disclosure required by NI 58-101 is presented below.

The independent members of the Board are John Travaglini, Moya Cahill, Larry Puddister, and Shaun McEwan. The non-independent director is Karl Kenny, the Company’s President and CEO.

1. Board Mandate

The mandate of the Board, as prescribed by the *Business Corporations Act* (British Columbia), is to manage or supervise management of the business and affairs of the Company and to act with a view to the best interests of the Company. In doing so, the Board oversees the management of the Company’s affairs directly and through its committees.

The Board is responsible for approving long-term strategic plans and annual operating plans and budgets recommended by management. Board consideration and approval is also required for material contracts and business transactions, and all debt and equity financing transactions.

The Board delegates to management responsibility for meeting defined corporate objectives, implementing approved strategic and operating plans, carrying on the Company’s business in the ordinary course, managing the Company’s cash flow, evaluating new business opportunities, recruiting staff and complying with applicable regulatory requirements. The Board also looks to management to furnish recommendations respecting corporate objectives, long-term strategic plans and annual operating plans.

2. Directorships

None of the directors of the Company are also directors of other reporting issuers (or equivalent) in a jurisdiction or a foreign jurisdiction.

3. Orientation and Continuing Education

The Board is responsible for providing orientation for all new recruits to the Board. Each new director brings a different skill set and professional background, and with this information, the Board is able to determine what orientation to the nature and operations of the Company's business will be necessary and relevant to each new director. The Company provides continuing education for its directors as the need arises and encourages open discussion at all meetings, which format encourages learning by the directors.

4. Ethical Business Conduct

The Board relies on the fiduciary duties placed on individual directors by the Company's governing corporate legislation and the common law to ensure the Board operates independently of management and in the best interests of the Company. The Board has found that these, combined with the restrictions placed by applicable corporate legislation on an individual directors' participation in decisions of the Board in which the director has an interest, have been sufficient.

5. Nomination of Directors

The Board considers its size each year when it considers the number of directors to recommend to the shareholders for election at the annual meeting of shareholders. The Board takes into account the number required to carry out the Board's duties effectively and to maintain a diversity of views and experience.

The Board does not have a nominating committee. The Board is responsible for recruiting new members to the Board and planning for the succession of Board members.

6. Compensation

The Board is responsible for determining all forms of compensation, including long-term incentive in the form of stock options, to be granted to the CEO of the Company and the directors, and for reviewing the CEO's recommendations respecting compensation of the other officers of the Company, to ensure such arrangements reflect the responsibilities and risks associated with each position. When determining the compensation of its officers, the Board considers: (a) recruiting and retaining executives critical to the success of the Company and the enhancement of shareholder value; (b) providing fair and competitive compensation; (c) balancing the interests of management and the Company's shareholders; (d) rewarding performance, both on an individual basis and with respect to operations in general; and (e) permitted compensation under Exchange policies.

7. Committees of the Board

The Board does not have any committees other than the Audit Committee.

8. Assessments

The Board annually reviews its own performance and effectiveness as well as reviews the Audit Committee Charter and recommends revisions as necessary. Neither the Company nor the Board has adopted formal procedures to regularly assess the Board, the Audit Committee or the individual directors as to their effectiveness and contribution. Effectiveness is subjectively measured by comparing actual corporate results with stated objectives. The contributions of individual directors are informally

monitored by the other Board members, bearing in mind the business strengths of the individual and the purpose of originally nominating the individual to the Board.

The Board monitors the adequacy of information given to directors, communication between the Board and management and the strategic direction and processes of the Board and its committees.

The Board believes its corporate governance practices are appropriate and effective for the Company, given its size and operations. The Company's corporate governance practice allows the Company to operate efficiently, with checks and balances that control and monitor management and corporate functions without excessive administrative burden.

MANAGEMENT CONTRACTS

The management functions of the Company are not to any substantial degree performed by any person other than the executive officers and directors of the Company. The Company has not entered into any contracts, agreements or arrangements with parties other than its directors and executive officers for the provision of such management functions.

PARTICULARS OF MATTERS TO BE ACTED UPON

Approval of Incentive Stock Option Plan by Ordinary Resolution

The only equity compensation plan which the Company currently has in place is the Stock Option Plan, which was approved by shareholders on June 23, 2016. The Stock Option Plan was established to provide incentive to employees, directors, officers, management companies and consultants who provide services to the Company. The Exchange policies respecting the granting of stock options require that all companies listed on the Exchange adopt a stock option plan and that any stock option plan that reserves a maximum of 10% of the issued and outstanding share capital of the Company at the time of grant (a "**Rolling Plan**") must be approved and ratified by shareholders on an annual basis. The Stock Option Plan was a Rolling Plan and Company management seeks shareholder approval for a renewal of the Stock Option Plan, as the Company's 2017 Plan (the "**2017 Plan**") in accordance with and subject to the rules and policies of the Exchange. The intention of management in proposing the 2017 Plan is to increase the proprietary interest of such persons in the Company and thereby aid the Company in attracting, retaining and encouraging the continued involvement of such persons with the Company.

Terms of the 2017 Plan

A full copy of the 2017 Plan will be available at the Meeting for review by shareholders. Shareholders may also obtain copies of the 2017 Plan from the Company prior to the Meeting on written request. The following is a summary of the material terms of 2017 Plan:

Number of Shares Reserved. The number of common shares reserved for issuance under the 2017 Plan is 10% of the number of common shares outstanding at any given time.

Administration. The 2017 Plan is to be administered by the Board or by a committee to which such authority is delegated by the Board from time to time.

Eligible Persons. The 2017 Plan provides that stock options may be issued only to directors, officers, employees and consultants and management company employees of the Company or of any of its affiliates or subsidiaries. Such persons and entities are referred to herein as "**Eligible Persons**".

Board Discretion. The 2017 Plan provides that, generally, the number of shares subject to each option, the exercise price, the expiry time, the extent to which such option is exercisable and other terms and

conditions relating to such options shall be determined by the Board or any committee to which such authority is delegated by the Board from time to time.

Maximum Term of Options. Options granted under the 2017 Plan will be for a term not exceeding ten years from the date of grant.

Maximum Options per Person. The number of shares reserved for issuance to any one option holder pursuant to options granted under the 2017 Plan during any twelve month period may not exceed 5% (or, in the case of a consultant, 2%) of the outstanding shares of the Company at the time of grant. The number of shares reserved for issuance to consultants and employees who are engaged in investor relations activities is limited to an aggregate of 2% of the outstanding shares of the Company at the time of grant and must vest in stages over a period of 12 months, with no more than $\frac{1}{4}$ of those options vesting in any three month period.

No Assignment. The options may not be assigned or transferred.

Termination Prior to Expiry. If an optionee ceases to be a director, officer, employee or consultant for any reason other than death, then such optionee's option will terminate within a reasonable period to be determined by the administrator of the 2017 Plan (the "**Exercise Period**") commencing on the effective date the optionee ceases to be employed by or provide services to the Company (but only to the extent that such option has vested on or before the date the optionee ceased to be so employed or provide services to the Company) as provided for in the written option agreement between the Company and the optionee, and all rights to purchase shares under such option will expire as of the last day of such Exercise Period, provided however that the maximum Exercise Period shall be six (6) months, unless the optionee has entered into a valid employment or consulting agreement that provides for a longer Exercise Period, but in no case shall the Exercise Period be greater than one (1) year unless prior Exchange approval has been given. If an option holder dies, the options of the deceased option holder will be exercisable by his or her estate for a period not exceeding 12 months or the balance of the term of the options, whichever is shorter.

Exercise Price. Options granted under the terms of the 2017 Plan will be exercisable at a price which is not less than the Discounted Market Price (as defined in Exchange policies), or such other minimum price as is permitted by the Exchange in accordance with its policies from time to time.

Full Payment for Shares. The Company will not issue shares pursuant to options granted under the 2017 Plan unless and until the shares have been fully paid for. The Company will not provide financial assistance to option holders to assist them in exercising their options.

Reduction of Exercise Price. The exercise price of stock options granted to Insiders (as defined in Exchange policies) may not be decreased without disinterested shareholder approval (as described above).

Termination of Plan. The 2017 Plan will terminate pursuant to a resolution of the Board or the Company's shareholders.

At the Meeting, shareholders will be asked to pass an ordinary resolution approving the 2017 Plan (the "**Stock Option Plan Resolution**") in the following form:

"BE IT RESOLVED, as an ordinary resolution, that:

1. The Company's 2017 stock option plan be ratified and approved;
2. The Board of Directors be authorized on behalf of the Company to make any further amendments to the 2017 stock option plan as may be required by regulatory authorities, without further

approval of the shareholders of the Company, in order to ensure adoption of the 2017 stock option plan;

Recommendation of Directors

The Company’s Board unanimously recommends that shareholders vote for the Stock Option Plan Resolution.

In order to be effective, the Stock Option Plan Resolution must be approved by a majority (50%) of the votes cast by shareholders who vote in respect of the Stock Option Plan Resolution.

Unless the shareholder has specified in the enclosed form of proxy that the shares represented by such proxy are to be voted against the Stock Option Plan Resolution, the persons named in the enclosed form of proxy will vote FOR the Stock Option Plan Resolution.
