Marine Engineer

Based at Kraken Robotics (Nova Scotia, Canada)
Full-Time – Permanent | Job Reference: KRSI-2023-13

ROLES AND RESPONSIBILITIES

We are seeking a Marine Engineer to support our growing business. The successful candidate will be able to work in a fast-paced team environment and would be interested in contributing to the direction of future Kraken products.

KEY RESPONSIBILITIES:

- Primary Engineer responsible for overall maintenance and upkeep of 20m, 72T Aluminium Catamaran.
- Develop and implement Vessel Maintenance Plan
 - Review OEM Equipment Manuals to determine maintenance tasks and intervals, enter into vessel management software;
 - Perform regular maintenance tasks, ensure maintenance tracker is kept up to date;
 - Liaise with third-party support services as primary point of contact and oversee service calls/repairs as necessary.
- Complete digital Materials Requisition Orders to procure materials and spares.
- Complete Digital Engineer's Log Daily, detailing tasks completed and pertinent information.
- Identify critical vessel spares, tools, supplies, perform quarterly inventory audits, ensure adequate stock levels are maintained via vessel management software.
- Track and maintain certifications of onboard equipment via vessel management software.
- Work closely with Project Managers to coordinate maintenance and operations schedules.
- Become familiar with all onboard equipment, identify and implement operational improvements as needed.

QUALIFICATIONS AND EXPERIENCE

- Transport Canada Certified to Minimum 4th Class Marine Engineer – Steamship or Motor Vessel
- Minimum three years relevant industry experience in a marine engineering position
- Strong computer literacy and administrative skills

- Learn and utilize Vessel Management software proficiently;
- Ability to communicate effectively via email;
- Familiarity with Microsoft Platform (Word, Excel, Outlook, Teams, Etc.) or ability to familiarize and become proficient.
- Valid safety training, medical and offshore certifications
- Familiarity with Marine Safety Management Systems – willingness and ability to practice and promote safe working culture onboard
- Prior Military Experience considered a strong asset

ADDITIONAL NOTES

- Carry out any other tasks as required and within the competence of the job holder.
- This position is based in Dartmouth, Nova Scotia, Canada.
