Software Project Manager

Based at Kraken Robotics (Mount Pearl, NL Canada)
Full-Time – Permanent | Job Reference: KRSI-2023-30

ROLES AND RESPONSIBILITIES

As a Software Project Manager of our Sonar Systems, you will be working in a dynamic team environment and be interested in contributing to the direction of future Kraken products. The location is in our office in Mount Pearl, NL, Canada.

KEY RESPONSIBILITIES:

- Develop and execute plans for software projects related to our sonar systems, including their scope, resources, and deadlines.
- Track project milestones, deliverables, and change requests.
- Develop the software product roadmap in conjunction with the technical leads.
- Prioritize, organize, and maintain high-level software backlog, including issues, new features, and refactoring efforts.
- Work closely with production, sales, and business development to set and monitor timelines, milestones, and releases, and ensure successful delivery of software products.
- Provide regular progress updates.
- Support external software contracts and partnerships.
- Help organize the testing and evaluation of software products in various stages of completion.

QUALIFICATIONS AND EXPERIENCE

- Bachelor's degree in software engineering, computer science, or a related field.
- Proven project management experience (>4 years) using Agile and Scrum.
- Good working knowledge of project estimation techniques.
- Strong leadership, decision-making, organization, and communication skills.
- Excellent attention to detail.
- Strong interest in the technical challenges of the maritime industry.
- Any of the following would be considered an asset:
 - Experience with large-scale software development.
 - Knowledge of embedded software and real-time data processing.
 - Familiarity with electrical and mechanical engineering concepts.
 - Knowledge or strong interest in signal processing of acoustic data.

PREFERRED SKILLS

- Excellent communication skills in English
- Self-driven and strong organizational skills to work on multiple projects alongside all of Kraken global offices
- Flexibility, team spirit and willingness to take responsibility
- Proficient in Office 365, including Teams and SharePoint

ADDITIONAL NOTES

- Carry out any other tasks as required and within the competence of the job holder.
- This position is based in Canada. Must be legally eligible to work in Canada.
