Workshop Technician

Based at Kraken Robotics (Aberdeen, UK)
Full-Time – Permanent | Job Reference: KRSUK-2024-01

ROLES AND RESPONSIBILITIES

The Workshop Technician is a key member in the Kraken workshop. This position will work under the instruction and guidance of the Workshop Supervisor in the maintenance, repair, and diagnostics of equipment pool within the Aberdeen facility and other offsite facilities.

- Repair and Maintenance of equipment and assets
- Adherence to company policies and procedures
- Support maintaining a "safety first culture" ensuring all activities are executed in a safe and effective manner in compliance with all relevant health and safety legislation.
- Offsite testing at external storage facility
- Training of Trainee Technician and 3rd Party personnel
- Training of Kraken Staff techs on new products
- Preparation of Technical Bulletins
- Project mobilisation & Technical support
- Interface with other workshop and office personnel
- Work as Offshore Technician to support campaigns

What you will bring to the job:

- 3 to 5 years' experience
- Ability to work unsupervised and to have demonstrated high technical proficiency and fault finding
- Strong mechanical background to support frame build and repairs in house

PREFERRED SKILLS

- Strong and proven Electro-Mechanical field experience and proven fault-finding experience
- Ability to work in harsh environmental conditions and maintain good morale
- Good interpersonal skills with staff and Suppliers
- Leadership of junior staff
- General knowledge of various office 365 tools
- Ability to operate a forklift
